CRAFTING QUALITY CABINETS WITH EXPERTISE

TEKCOM Corporation, established in 2005, specializes in the plywood and cabinet manufacturing sector, focusing on Ready-To-Assemble (RTA) Kitchen Cabinets for the US market since 2020 and counting.

Our advanced manufacturing facilities are fully equipped to meet international standards, allowing us to produce high-quality, customized RTA cabinets tailored to our partners' specific needs. Our production capacity is designed to handle up to **120 containers** of RTA Kitchen Cabinets per month, ensuring timely delivery and scalability for our partners.

TEKCOM DELIVERS EXCEPTIONAL QUALITY CABINET FROM VIETNAM

Material Sourcing

TEKCOM ensures premium quality by sourcing sustainably harvested timber, guaranteeing durability and environmental responsibility.

Our strict quality control processes ensure that only the finest raw materials are used in production. Partnering with reliable suppliers allows us to maintain consistency and high standards in all our products.

Custom Manufacturing

At TEKCOM, we offer tailored solutions to meet specific client needs, providing custom designs and sizes with precision and flexibility.

Our advanced machinery and skilled craftsmen enable us to handle intricate and large-scale projects efficiently. We ensure rapid prototyping and seamless integration of customer specifications into the manufacturing process.

Cost Efficiency

TEKCOM leverages advanced production technologies and streamlined processes to minimize waste and reduce costs.

Our strategic location in Vietnam provides a cost advantage due to lower labor and operational expenses, allowing us to offer competitive pricing. We maintain high production efficiency without compromising on quality.

Design and Engineering Support

TEKCOM collaborates closely with partners to meet specific product specifications and develop innovative trends.

Utilizing cutting-edge technology, our expert team transforms ideas into custom, production-ready designs tailored to unique project requirements.

Logistics

TEKCOM's robust logistics network ensures timely and reliable delivery to the US market. We have established partnerships with leading freight companies to guarantee safe and efficient shipping. Our expertise in international trade regulations and documentation ensures hassle-free cross-border transactions.

After-Sales Support

We provide comprehensive after-sales support, including installation guidance and troubleshooting assistance. Our dedicated customer service team is available to address any concerns promptly and effectively.

TEKCOM's commitment to customer satisfaction ensures long-term relationships and trust with our clients.
